

VAL POTTERY
HANDMADE CERAMICS

What Val Pottery stands for? It's very simple: imperfectly perfect!

I actually had a longstanding love for decoration, materials, textures, ... pottery and this passion has very gradually and spontaneously become my full time profession.

The idea is that my work is unique. Very colourful, happy, ... just simplistic and natural.

Each piece is handmade with the utmost care in our small atelier. Thanks to my Portuguese companions, i can continue to push boundaries. Their good vibes and talent have become indispensable in the story of Val Pottery.

Val Pottery's values are appetite, simplicity and nonchalance. Appetite in life, i like to taste the world and i want to convey that in my pieces. Nonchalance in the sense of loose, casual, natural... Not too much fuss.

And simplicity, it goes without saying. That's evident...

Marvelous

BY VAL POTTERY

'Collecting is more than just buying objects. It's about appreciating real handwork, art and sharing a story with loved ones.'

VAL POTTERY

Unlike many other ceramist, each piece of Val Pottery is truly handmade with the biggest care. In our small atelier, we throw and paint pieces one by one. You will never have the same model or drawing as someone else all over the world. Each piece is unique.

The Marvelous Collection is a happy collection. Full of tactility. Each combination can be felt or touched. It represents who you are. The fact that every piece is handmade makes them unrepeatabe. Be aware of it, lucky you! That ensures that you will never have the same design as the one on the photo. It makes them collector items.

Marvelous as in surprising, colourful, happy. The look of each piece is surprising. It's painted at another moment, with a certain drop of glaze on our pencil, sliding over with a different power of warmth. Colourful, that's a Val Pottery - signature. Make each habit more brilliant, smiling, ... happy! Capture your coffee moment and think back at it with a happy state of mind.

essence

BY VAL POTTERY

'Simplicity is the essence of elegance.'

VAL POTTERY

Unlike many other ceramists, each piece of Val Pottery is truly handmade with the biggest care. In our small atelier, we throw and paint pieces one by one. You will never have the same model or drawing as someone else all over the world. Each piece is unique.

Contrary to our other collections Marvelous & Foolish, the Essence Collection doesn't shout out loud. The colours are beautiful in their simplicity. It's the great base of a story. Serene and above all, timeless. A roleplay between mat & shiny glazes makes the collection special in its own way. We proudly tell you that the rough glazes are also self mixed compositions, that gives the pieces the VP-signature all over again.

These natural creations are fitting in many interior playgrounds.
