

VAL POTTERY

HANDMADE CERAMICS

What Val Pottery stands for? It's very simple: imperfectly perfect!

I actually had a longstanding love for decoration, materials, textures, ... pottery and this passion has very gradually and spontaneously become my full time profession.

The idea is that my work is unique. Very colourful, happy, ... just simplistic and natural.

Each piece is handmade with the utmost care in our small atelier. Thanks to my Portuguese companions, i can continue to push boundaries. Their good vibes and talent have become indispensable in the story of Val Pottery.

Val Pottery's values are appetite, simplicity and nonchalance. Appetite in life, i like to taste the world and i want to convey that in my pieces. Nonchalance in the sense of loose, casual, natural... Not too much fuss.

And simplicity, it goes without saying. That's evident...

'Collecting is more than just buying objects. It's about appreciating real handwork, art and sharing a story with loved ones.'
